## BOW ISLAND

From our own Correspondent

Don't forget the Auction Sale at Martin's Barn Bow Island on Saturday 27th. March. Some fine Horses will be offered for Sale just the thing for the Farmers right now.

R.E. Layman is able to get around again after his bad attack of the flu, he was out for the first time last Friday.

We learn that Mr. and Mrs. P.A. Hick and family formerly of Bow Island have moved to Blue-Sky Alta.

A 3 year old mare sold for \$250.00 at the Heifers sale. All the farmers have not lost faith in horses yet.

Mr. Brooks, officer of the Neglected Children's Society, from Calgary, was here last week on business.

Mr. Burrell, police magistrate of Lethbridge, was here on official business last week.

Remember the Baseball Club Dance on Friday April 9th.

Mr. Edlund, our very busy and prosperous farmer, one mile south of Burdett, was a business visitor here last Wednesday. Mr. Edlund expects a good crop this year, and was in town purchasing some seed oats for the seeding operations.

The postponed supper of the Congregation of the United Church, will be held in the Rest Room Good Friday April 2nd, at 6.30. Will those who have received invitations kindly take notice.

## Town of Bow Island,

Tenders will be received by the Town of Bow Island for Water Carriers for the town, in accordance with Water Carriers' By-Law of the Town. Said tenders to be in the hands of the Secretary Treasurer by six o'clock p.m. Saturday the 3rd. of April 1920.

W.A. Bateman

Secretary Treasurer.

Dated this 23rd. day of March 1920 at Bow Island, Alberta.

## The United Church.

The United Sunday School meets every Sunday at 11 a.m. Everybody welcome  
J Elmer Still Supt

## It sure was some caution.

It certainly was an Eye-Opener to all who knew, the way that Beattie's Garage tumbled down all the Prices for Oils and they must have sold Tons of Oils last week, as the people knew they were getting Bargains and saving Big Money, as they always do when dealing at Beattie's Garage and don't forget that they still have splendid Bargains in First Class New Cars and also some Dandies in Second Hand Cars that are built for Wear and to give you Satisfaction, so that they will make a Steady Customer of you for all your requirements, when You start your Car out in the Spring.

Try them and be Convinced, the same hundreds of others have and at the same time You will Save Money and get Good Service

## Town Council.

Bow Island, Alberta March 15th, 1920  
A special meeting of the Town Council was held in the Council Chambers on Monday the 15th, day of March 1920.

Members present. Mayor Reid, Councillors Swennumson, Holson, and Burt. Secretary Treasurer Bateman.

Meeting was called for the purpose of appointing an assessor for the year 1920 and to consider the resignation of Gas Supt Duffy.

M. 1 Mr. R.H. Robertson was appointed Assessor for the year at a salary of \$200.00.

In the matter of the resignation of Gas Supt the chairman of the Gas Committee also the Mayor advised that Supt Duffy had verbally tendered his resignation.

M. 2 The verbal resignation of R.E. Duffy was accepted and it was agreed that he be paid salary to April the 1st 1920.

The Council then adjourned

## Auction Sale

An Auction Sale will be held on the farm of George Allen on Sec. 28-9-11 on Wednesday 7th. April

The Building mentioned in posters can be seen at George Allen's place just south of the track.

## Winnifred

From our own Correspondent  
Geo. Begeer returned from B. C. and is visiting at the home of his brother, Walter Begeer, northeast of Winnifred.

Mr. Kessler and family were visitors here last Wednesday.

Mr. and Mrs. Frank Smith, 11 miles southeast of town, returned from Seattle, U. S. A., where they have been spending the winter.

K. K. Bergan made a business trip to Lethbridge last week.

Mr. W. Mervyn's friends were glad to see him recently recovered from his long spell of influenza.

Miss Inez Wright's friends will be pleased to learn she is making progress towards a complete recovery.

Mrs. Cyril White, Alfred, of Italy, Alta., is visiting at the home of her parents, Mr. and Mrs. White, south of Winnifred.

We are pleased to report Mr. Tom Godfrey has recovered from his sick spell and is able to be out.

Friends of Mrs. Hugo Peterson will be sorry to learn the underwent a very serious operation last week at the Medicine Hat hospital. Word came today that, while still very ill, she is out of danger, but will not be able to return home for some time.

Mrs. (Rev.) Sibbald is visiting at the home of Mr. and Mrs. A. N. Weatherill for a few days before leaving for her new home at Leduc, Alta.

Mr. Alfred Larsen has given up his place at the Globe store this week and is now engaged to carry out his best efforts at farming and predicts a bumper crop this year.

Gophers are beginning to leave their hiding places and looking for more feed, signifying a sudden change and an early spring.

Mr. A. E. Kendall has rented an office in the Oddfellows' Building, dealing in many lines of business. The U. P. A. will hold meetings every Saturday in this office. Those wishing employment or wishing to employ, please call at this office.

Rev. Sibbald is leaving Winnifred and going to Leduc, Alta. He is changing from a mission field to a self-sustaining charge. Among the different candidates for this charge he received more votes than the rest of the candidates put together. He has always wanted to get into this district as he likes the location better than any other section of the country. Leduc is one of the best churches in the Edmonton Presbytery. Rev. and Mrs. Sibbald's many friends regret their leaving exceedingly.

The Winnifred hotel is being demolished very fast. Everybody is anxious to see the horrid vacant structure taken down. The work will be finished this week. Winnifred is now looking forward for someone to act soon and build a nice, modern rooming house. It is a splendid opportunity.

## Whitla.

From our own Correspondent

Master Roderick Fisher went to Medicine Hat on Saturday evening to attend the birthday party of one of his friends.

A. W. Fuller, of Bow Island, was a caller in Whitla, on Tuesday.

Mr. E. D. Hull, of the Scott Fruit Company, made a call upon the Whitla merchants on Friday.

Mr. and Mrs. Abe Robbins made a trip to Medicine Hat on Friday evening.

Mr. and Mrs. Dooly have departed on their well-earned vacation. Mr. Ellis, of Bourke, Man., is taking Mr. Dooly's place for the time being.

Mr. Mitchell, of Edmonton, arrived here today to begin teaching in the Golden Sheaf school.

Mr. George Murray of Haroun, is used government relief to settlers of Whitla today.

Mrs. Leslie Smith and children, of Golden Sheaf district, spent a day in the Hat visiting friends.

## FOSTER'S WEATHER FORECAST

WASHINGTON, D. C., March 13.—Warm waves will reach Vancouver, March 13, 14, 24, 30, and temperatures will rise on all the Pacific slope. They will cross crest of the Rockies by close of March 14, 15, 25, 31; plains sections, 15, 20, 26 and April 1; meridian 30, great lakes, lower Mississippi valleys, Ohio-Tennessee valleys, March 16, 21, 27, April 2; eastern sections 17, 22, 28, April 3, reaching vicinity of Newfoundland about March 18, 23, 29 and April 4. Storm waves will follow about one day behind warm waves and cool waves about one day behind storm waves.

These disturbances will dominate the weather of Canada and the States from near March 14 to near April 4. Temperatures will be low on median 30 near March 13 and the coldest weather of the month will be during the week centering on that date. This conditions has been expected to drift across continent from near March 10 to near 15. Most rain of the month will have fallen before March 16.

Except spots in the cotton states precipitation is expected to be above normal in the great valleys of the Mississippi, including the Missouri valleys below St. Paul, then eastward to the Atlantic, including the vicinity of the great lakes. Then northwestward of that line, east of Rockies not so much precipitation is expected. In the cotton states precipitation will run from excessive to dry. A deficiency of rain has already appeared toward the northwest corner of the cotton belt.

Temperatures will begin to rise on meridian 30 near March 16 and will go to the high point near 27. Greatest storms of the month will be in eastern sections near March 13, and less severe storms will cross meridian 30 near 21. Most precipitation will come from first mentioned storms. From these statements the reader can readily estimate the dates these weather events are expected to reach any point on the continent.

For all parts of the continent east of Rockies crest a very great change is expected in crop weather conditions soon after June 1 and the new quality of crop weather will then prevail till end of the crop season.

I do not try to forecast the weather for Maryland, District of Columbia and the Atlantic states south of them. They are largely under the control of the tropical storms that come up from the Gulf of Mexico and Porto Rico. These storms move westward through the Caribbean Sea, turning northward, then eastward while on the Gulf of Mexico, then northeastward along the Atlantic coast. In order to forecast the weather of south eastern parts of the United States and the Atlantic states on these tropical storms, I have not had time to do so. Where these tropical storms do not interfere I can make fair forecasts for these southern sections. My forecasts cover all sections west of the Alleghenies, except Pacific slope south of San Francisco. The tropical storms can be worked out for the southeastern sections as there are good records for Baltimore, Charleston, Fort Morris, Moore and Charleston, South Carolina and good forecasts.

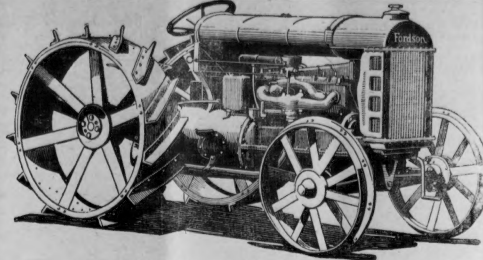

Note.—All communications to the Foster Weather Bureau should be addressed to 1625½ North Capital Street, Washington, D. C.

## PROWSE & LYONS

Harborters, Solicitors, Notaries Etc.  
J. H. Prowse, Bow Island every Friday afternoon  
Saturday morning  
Taher, Alta.

## Is Your Watch Keeping Time?

If not bring it to me and I will have it repaired for you

You will need it during the Spring Work

E. M. Johnston, Burdett

Agent for R. A. Wright of Lethbridge

## WHY THE HOME BUSINESS MAN IS ENTITLED TO YOUR CASH.

When you want to buy an article of goods of any kind whatsoever, you are well advised to take your cash in hand to the merchant of your home community. He is entitled to both your cash and your confidence. There can be no gainsaying this statement. Were not a fact that the home merchant gave his customers a four-square deal, then he could remain in business but a very short time.

There are a thousand good reasons why you should buy every possible article of goods from your home merchant, while there is not one good reason why you should sacrifice your home interests to build up a part of the country that has absolutely no interest in you apart from the cash it is able to extract from your pocket.

By being loyal to the business institutions of your home community you are being loyal to yourself and your family and your nation.

Take your cash—always—to the man you know at home. If you desire credit, appeal, for a change, to the big catalogue store.

Without question the methods of some merchants leave them open to criticism—some of them will even send away from home themselves for goods that could easily be obtained locally. But these are the exceptions. You have no honest ill there.

We all know that it is the business men of a community who keep the ball rolling.

They are the backbone of every good movement—the mainstays of advancement and reform. Thousands and thousands of people in this country have been helped over the rough places in their lives by the industry and "accommodation" of the local merchant.

Ever stop to think of that? Fortunately for everybody the cash system is very rapidly replacing the credit system; and the cash system to accomplish its true destiny to growth and economy must be one that circulates a community's cash within the community to the extent of every possible dollar.

## CANADA'S FIRE LOSS IS NOT DIMINISHING

Main Portion of Total is in Larger Losses of \$10,000 or Over—Carelessness and Neglect of Dangerous Conditions Responsible.

Fire losses in 1919—\$25,500,000. With the war over, with no munition plant fires, with industry under normal conditions, and with many interests advancing fire prevention, Canada, in 1919, reached the above enormous total of fire waste—a waste equal to \$2.90 per capita of her population.

Of the larger losses, there were 283 of \$10,000 and over. These larger losses are mostly of business. They make up the greater portion of the total loss, and the effect of this loss is widespread. With the destruction of the factory, employment is discontinued and the workman suffers; business is interfered with and the employer suffers. The keen competition of today very often absorbs the market for a product before a business can be re-established, and the owners, realizing this condition, decide not to rebuild.

Many of the smaller municipalities have, as their chief support, one large industry the community must almost decide to exist, or alternatively, secure another, often by burdening itself to pay a bonus.

Employers and workmen are almost universally responsible for fires in factories. Through carelessness or negligence they allow conditions to exist which sooner or later create fire dangers. This carelessness is the result, largely, of home training. The greater number of our fire are in the homes where little care is taken with matches, ashes, lighted cigarettes, and cigars. The careless man at home is careless at work, and this carelessness is the root of our fire loss problem.

To reduce our fire waste radical measures are necessary. Legislation or rules are of no avail unless enforced. Personal care and responsibility by both employer and employee are essential.—John Dixon.

## SWEET CLOVER AS A LEGUME CROP IN ALBERTA.

For the past two seasons experiments have been conducted by the Department of Field Husbandry at the University of Alberta to determine the value of sweet clover as a legume crop in this province. So far as the experiments have gone, certain facts stand out very prominently. These are: that sweet clover, though regarded by farmers from some other climates and conditions as a more valued, possesses qualities of great value under Alberta conditions. During the very dry season of 1915, at the University of Alberta, 3 tons 1260 lbs. of hay per acre were harvested, and 9 tons, 1270 lbs. of pasture per acre were removed. This denounces its drought resistance, and quality. In yield of seed, it was much ahead of alfalfa. A summary of the qualities of sweet clover would include the following:

### Merits

1. Drought and frost hardiness.
2. Vigorous growth.
3. Pasture qualities.
4. Nitrogen gathering propensities.
5. Biennial character.
6. Valuable short rotation plant.
7. Seed producing propensities.
8. Green manure value as a means of lessening soil drifting in open prairie.
9. Ability to produce heavily under adverse conditions.
10. Value as a windbreak against soil drifting in open prairie.
11. Its value as a food crop in very dry areas where other clovers cannot be grown with success.

### Demerits

1. A rather unpleasant taste making it necessary for stock to cultivate a taste for it.
  2. The danger of its becoming a weed.
- As well as the experiments at the University, tests have been made by students in the College of agriculture in various parts of the Province, to whom seed was supplied. Reports from such tests indicate that sweet clover possesses unusual suitability to the soils and climatic conditions in many parts of Alberta.
- The Department of Field Husbandry of the University of Alberta will send upon request to farmers in Alberta for trial a small sample of seed grown at the University.

## Impounded

I am the cause of the Silent Sickness that Stills your Cash register bell.

I am the origin of Dissatisfied Customers and the Loss of Trade

I am the leaven of uncertainty in the midst of certain profits.

I am the element of chance that turns a Winning Business into a Losing Gamble.

## Police Court News

Jonnie Mooney was fined \$10.00 and costs or three months in jail at Medicine Hat on Monday, the 1st inst. In the city police court. As the fine and costs were not paid, she was sent to Fort Saskatchewan jail for three months.

At the Supreme Court held at Medicine Hat before Mr. Justice Walsh, R. Sparrock was sentenced to one month's hard labor in Lethbridge jail for aggravated assault in using a knife on John Enderby.

Theodore Chabutz, of Blindfold, was charged with forgery of two cheques, one for \$65.00, and the other for \$154.00. This was a jury case. The jury brought in a verdict of not guilty and the case was dismissed.

Jacob Zwick, of Irvine, was charged with receiving stolen property and found not guilty.

## Old English Sheep Dogs

An inquiry to hand this week the second in the last fortnight, for address of breeders of this grand breed of dogs, makes one wonder that there are not more fanciers of the Bobtail or Old English Sheepdog amongst us. Rather peculiarly I have seen most specimens away in the country. Came across one on a very remote farm in B. C.

Grand massive head, limbs like trunks of sapling trees, and profuse coat of the real pinto blue shade.

Mr. Parker is I fancy, the only local enthusiast specializing in bobtails, so we seldom see them. Which is a pity as a grander dog does not exist. Besides being the hardest of cattle dogs, possessing enough gentleness to be worked on sheep, he is the best of pals and house guards, and more reliable with children than the collie. He is not difficult to breed to type as he stands distinctly away from any of the popular existing varieties.

In reply to the correspondents mentioned, I can confidently recommend the Old English Sheep Dog, not only as a pal, but also one of the handsomest as an exhibition specimen in the show ring.

I also wonder why we have no fanciers for the Merle collie, another handsome and unique type of dogdom, and makes a very taking companion with his uncommon blue brindle coat and curious china blue "wall" eyes.

## A cure for sea-sickness

What he believes is an absolute cure for seasickness was announced by Major A. E. Lemon, surgeon of the 125th United States Infantry, now stationed at Camp Mills, N.Y.

Major Lemon says he has relieved most violent attacks of seasickness by packing the ears of the victim with sterilized gauze. He maintained that the trouble is caused solely by the organ of equilibrium within the ear, and that the stomach is only an innocent bystander. Here is his explanation:

## BURDETT

From our own Correspondent  
Mrs. Neale was a visitor to Medicine Hat on Monday last, returning on Wednesday.

Mrs. George Kelly returned home from the Medicine Hat hospital accompanied by her little baby, Eleanor Jean, last Wednesday, in the company of Mrs. Neale.

The sad death occurred last Friday in the person of Mr. Layman, 24 miles west of Burdett, the baby dying on Saturday. Both were buried last Sunday in the Burdett cemetery. Mrs. Layman was very low and also the little boy, but it is since reported that they are going on favorably although very weak. The sympathy of the whole community goes out to Mrs. Layman.

The water in the coolers and roads was very high on Monday last, outside Burdett, so that only a wagon was able to get through at that time.

## BOOST THE BASEBALL CLUB

The Bow Island Baseball Club are holding their opening Dance in the L.O.O.F. Hall, Bow Island, Friday April 9th. Don't miss it.

President Allen and President Brad if were down to Burdett last night from Raymond for the purpose of dedicating a meeting house, and they were the guests of Bishop Lewis.

## Obituary

At his home four and one-half miles west of Burdett, Max J. Layman aged thirty-one years, three months and twenty days; and baby son Franklin James, aged fourteen months, succumbed after a brief illness of pneumonia following influenza. Buried at March 12th, on March 18th, 1920.

Max J. Layman was born in Beaver County State of Michigan November 1st, 1888 where he lived till March 1st, 1909 when he emigrated to Alberta, and has resided around this vicinity of Burdett since that time. He was married December 15th 1913 to Hazel Eva youngest daughter of Mr. and Mrs. James Bryant of Lethbridge. Left to mourn the loss of deceased are the wife, one son Vern Lester age five years. Mary A. Layman, mother, R.E. Layman brother both residing at Bow Island two sisters Mrs. J.C. Boote and Mrs. A.C. Lanes, of St. Joseph, Michigan also many relatives friends and neighbors.

"In Memory of Loved Ones"  
Death came without warning And took our dear ones away In the bleak world of mourning No longer to stay Like the rose of summer They bade us farewell And with the sweetest sorrow Went elsewhere to dwell.

Although in life's springtime The autumn wind came And whispered so gently On dear ones' names They answered so mildly Then passed gladly on To that haven of rest So rightly called home.

Mourn not for the roses Though faded and gone They'll bloom in God's Garden Their fair mates among And though now departed To honor God's will The memory of them Will linger here still.

## Grassy Lake

Mr. Nelson, of Grassy Lake, died two weeks ago in the Lethbridge hospital. He has left to mourn his loss a wife and family of five children.

Daddy Jones, a well-respected resident of this town, died two weeks ago at the Medicine Hat hospital. He left to mourn him a wife and family.
